DETAILED ACTION

1. Applicant's April 21, 2005 Amendment and REMARKS have been received/reviewed. The previous rejections are withdrawn pursuant thereto.

Claim Rejections - 35 USC § 103

2. Claims 11, 13, 14 and 16-22 are rejected under 35 U.S.C. 103(a) as being unpatentable over Ishikawa et al., US 6,343,284.

Ishikawa discloses, e.g. Fig. 2, an Internet billing system comprising a server, e.g. 200, 300, and a plurality of terminals, e.g. 100, connected to the communication network, e.g. Internet. It is noted the request for authentication and billing information, e.g. S 501 may be viewed as a service program. Ishikawa does not specifically disclose the server charging a server terminal. However, to have provided such for Ishikawa would have been obvious to one of ordinary skill in the art. The motivation for having provided such common knowledge billing procedure would have been incorporating known billing procedure for terminal usage. It is noted that intended use language, e.g. for sending, is given patentable weight, but not the same patentable weight as positively recited claim language, e.g. a billing system. It is further noted that Applicant's claim language, e.g. claims 16-22, are rift with intended use claim language, e.g. claim 16, "that enables." It is the Examiner's position that the common knowledge intended claim language may be executed by the system of Ishikawa. Applicant's April 21, 2005 REMARKS have been reviewed, but are moot in light of the new rejection.

3. Further pertinent references of interest are noted on the attached PTO-892.
4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
